

# SeaQure Shackle

Manufactured to our exacting standards based on the G-2130 spec shackle, the superior SeaQureShackle captures three extra layers of safety and durability in its design - it comes internally threaded, is secured with a nut and includes a metal retaining pin for added strength, security and peace of mind. Sizes range from 4.75T up to 25T and the shackles come supplied with test certificate. Manufactured to EN13889 Standard Grade 6.

- Material: High Tensile Steel and Alloy Steel
- Drop Forged, Quenched and Tempered,
- Safety factor: 6:1
- Test: Batch Tested and Certified
- Finish: Powder Coated After Hot Dip Galvanized
- Meets Performance Requirements U.S. Federal Specification RR-C-271 and EN 13889: 2003
