

Oceanflex 315

Oceanflex 315 is the fish farm pen of choice for aquaculture companies operating on a wide variety of marine sites. These heavy-duty, all-polyethylene pens are built on the security and safety of Fusion Marine's proven three ring flotation system. The Oceanflex 315 system is ideal for salmon, bass, bream, and a whole other range of finfish species, and have been in very long term service sites all over the world.

- Manufactured utilising the security and safety of our proven three ring system.
- Pen manufacture utilises butt fusion and electrofusion process and control.
- A flexible yet robust and durable polyethylene structure, built for challenging environments.
- A heavy-duty moulded base unit.
- Both inner and outer rings are polystyrene filled for added security.
- Heavy gauge handrail pipe used to resist deformation.
- Incorporates a full slip resistant, modular decking system compliant with current HSE guidelines.
- Pens have a low environmental visual impact.
- Low maintenance design resistant to saltwater corrosion.
- A range of customisation possibilities and accessories available upon request.
- All pens supplied with operator manual.

Pen circumference	60 metres	70 metres	80 metres	90 metres	100 metres	120 metres	150 metres
Pen diameter	19.1	22.2	25.5	28.6	31.8	38.2	47.7
No. of uprights	24	28	32	36	40	48	60
Volume per 1m of net depth (1m ³)	287	388	510	645	796	1146	1791
Pen weight (ton) 2 rings / 3 rings	3.4 / 4.5	4 / 5.3	4.6 / 6	5.2 / 6.7	5.8 / 7.5	6.9 / 8.9	8.6 / 11.1
